

# BIBLIOBOX

---

## PRINCIPLES OF BIBLIOBOX USE

1. BiblioBox is used to return books outside of the library opening hours.
  2. The user is obliged to return borrowed documents in the state of the condition he received them at the loan. Failing that, the documents will not be written off from the user's account.
  3. The library staff will write off the returned books from the user's account during the next working day.
  4. The user is obliged to check his library account and, if discrepancies are found, he may file a complaint within 48 hours.
  5. Documents must be dropped into BiblioBox so as to avoid damage.
