

## ZOZNAM SKÚŠOBNÝCH PREPARÁTOV PRE VŠEOBECNÉ LEKÁRSTVO

### THE LIST OF THE EXAMINATIONAL HISTOLOGICAL SLIDES FOR GENERAL MEDICINE

#### **KARDIOVASKULÁRNY SYSTÉM – CARDIOVASCULAR SYSTEM**

28. Aorta (orceín) ..... Aorta (orcein)  
64. Cor (HE) ..... Heart (HE)  
66. Aorta (trichróm) ..... Aorta (trichrome)  
67. Arteria carotis et vena jugularis (Azan) ..... Carotid artery and jugular vein (Azan)

#### **TRÁVIACI SYSTÉM 1 – DIGESTIVE SYSTEM 1**

70. Lingua - dorsum linguae (HE) ..... Tongue – dorsum of the tongue (HE)  
71. Lingua - radix linguae (HE) ..... Tongue – root of the tongue (HE)  
72. Lingua - papillae vallatae (HE) ..... Tongue – vallatae papillae (HE)  
73. Dens (HE) ..... Tooth (HE)  
74. Vývoj zuba, štádium pohárka (HE) ..... Tooth development, cup stage (HE)  
75. Oesophagus (trichróm) ..... Oesophagus (trichrome)  
76. Corpus ventriculi (HE) ..... Stomach-body (HE)  
79. Intestinum tenue (HE) ..... Small intestine (HE)  
80. Colon (HE) ..... Large intestine (HE)

#### **TRÁVIACI SYSTÉM 2 – DIGESTIVE SYSTEM 2**

81. Glandula parotis (HE) ..... Parotid gland (HE)  
82a. Glandula submandibularis (HE) ..... Submandibular gland (HE)  
82b. Glandula sublingualis (HE) ..... Sublingual gland (HE)  
83. Pankreas (HE) ..... Pancreas (HE)  
84. Hepar (HE) ..... Liver (HE)  
85. Hepar (Azan/trichóm) ..... Liver (Azan/trichrome)  
87. Vesica fellea (trichróm) ..... Gallbladder (trichrome)

#### **LYMFATICKÝ SYSTÉM - LYMPHATIC SYSTEM**

88. Processus vermiformis (HE) ..... Appendix (HE)  
89. Tonsilla palatina (HE) ..... Palatine tonsil (HE)  
90. Nodus lymphaticus (HE) ..... Lymph node (HE)  
91. Nodus lymphaticus (impregnácia, retikulín) ..... Lymph node (silver salts impregnation)  
92. Thymus lymphaticus (HE) ..... Thymus in childhood (HE)  
93. Lien (HE) ..... Spleen (HE)

#### **DÝCHACÍ SYSTÉM - RESPIRATORY SYSTEM**

94. Epiglottis (HE) ..... Epiglottis (HE)  
95. Larynx (HE) ..... Larynx (HE)  
96. Trachea (HE) ..... Trachea (HE)  
97. Pulmo (HE) ..... Lungs (HE)

#### **MOČOVÝ SYSTÉM - URINARY SYSTEM**

99. Ren (HE) ..... Kidney (HE)  
101. Ureter (trichróm) ..... Ureter (trichrome)  
102. Vesica urinaria (trichróm) ..... Vesica urinaria (trichrome)

### MUŽSKÝ POHLAVNÝ SYSTÉM - MALE REPRODUCTIVE SYSTEM

103. Vesicula seminalis (HE) ..... Seminal vesicle (HE)  
104. Testis (ŽH+E) ..... Testis (IH+E)  
105. Epididymis (HE) ..... Epididymis (HE)  
106. Ductus deferens a Epididymis (Azan) ..... Ductus deferens and Epididymis (Azan)  
107. Prostata (HE) ..... Prostate (HE)  
108. Penis (trichróm)..... Penis (trichrome)

### ŽENSKÝ POHLAVNÝ SYSTÉM – FEMALE REPRODUCTIVE SYSTEM

109. Ovarium (trichróm) ..... Ovary (trichrome)  
110. Ovarium - corpus luteum, 1. mes. grav. (HE) ..... Ovary - yellow body (1st. month of pregn., (HE)  
111. Tuba uterina (HE) ..... Uterine tube (HE)  
113. Uterus – sekrečná fáza (HE) ..... Uterus – secretory phase (HE)  
116. Vagina (HE) ..... Vagina (HE)  
117. Glandula mammae lactans (trichróm) ..... Mammary gland lactans (trichrome)  
119. Placenta fetalis (HE) ..... Fetal placenta (HE)  
120. Umbilicus, 5. mes. vývoja (trichróm)..... Umbilical cord, 5th month of development (trichrome)

### ŽLAZY S VNÚTORNOU SEKRÉCIOU – ENDOCRINE GLANDS

121. Hypophysis (HE) ..... Pituitary gland – hypophysis (HE)  
122. Hypophysis (Gömöri)..... Pituitary gland – hypophysis (Gomori)  
123. Gl. pinealis - Epiphysis (HE) ..... Pineal gland (HE)  
124. Glandula thyroidea (HE) ..... Thyroid gland (HE)  
125. Glandula parathyroidea (trichróm) ..... Parathyroid gland (trichrome)  
126. Glandula suprarenalis (HE) ..... Adrenal gland (HE)  
127. Glandula suprarenalis (impregnácia, retikulín) ..... Adrenal gland (silver salts impregnation)

### NERVOVÝ SYSTÉM - NERVOUS SYSTEM

128. Medulla spinalis (HE) ..... Spinal cord (HE)  
129. Cerebrum (lux. modrá a kresyl. violet) ..... Great brain (luxol blue and kresyl violet)  
130. Cerebellum (Holmes) ..... Little brain (Holmes)  
132. Nervus spinalis, priečný rez (HE) ..... Spinal nerve, transv. section (HE)  
134. Plexus choroideus (Azan)..... Choroid plexus (Azan)

### ZMYSLOVÉ ORGÁNY – SENSORY ORGANS

135. Bulbus oculi (HE) ..... Eye (HE)  
136. Auris interna - králik (HE) ..... Ear, rabbit (HE)

### KOŽA – SKIN

138. Cutis - hrubý typ (HE) ..... Skin - thick type (HE)  
139. Cutis (orceín) ..... Skin (orcein)  
140. Cutis cum capilli (HE) ..... Skin with hairs (HE)

Celkový počet skúšobných preparátov na záverečnú skúšku: 64  
Total number of slides for the final exam: 64
